## SINGLE TITLE ACCESS

### Demand-Driven Acquisition (DDA)

Our DDA program provides access to 30,000+ video titles and gives your patrons the power to determine what streaming video content you acquire. A set number of playbacks automatically triggers a one-year subscription. Most DDA titles have the option to upgrade subscriptions to perpetual ownership. Custom publisher and subject profiles are available. Your patrons choose the content, you choose the terms.

- Our **Access-to-Own** program ensures that once you've paid the perpetual purchase price you automatically own that title perpetually. This feature is available for most titles.
- Our **DDA Select** custom profile gives your patrons access to 13,500+ titles available EXCLUSIVELY from Alexander Street. Already have a DDA program in place? **DDA Select** ensures you will never trigger a title you have via another distributor.
