LWW has one of the top 10 and three of the top 20 titles in the Otorhinolaryngology category

Ear and Hearing

Official Journal of the American Auditory Society

From the basic science of hearing to auditory electrophysiology to amplification and the psychological factors of hearing loss, Ear and Hearing covers all aspects of auditory disorders.

IF = 2.517, #6 in Otorhinolaryngology*

Top 10 title in Pathology

LWW has one of the top 10 and four of the top 20 titles in the Pathology category

American Journal of Surgical Pathology

Official Journal of The Arthur Purdy Stout Society of Surgical Pathologists and The Gastrointestinal Pathology Society

The journal has achieved worldwide recognition for its outstanding coverage of the state of the art in human surgical pathology.

IF = 4.951, #9 in Pathology*

Seven of the top 10 titles in Peripheral Vascular Disease

LWW has seven of the top 10 and eight of the top 20 titles in the Peripheral Vascular Disease category

Circulation

An American Heart Association Journal

Publishing a combination of basic, translational, clinical, and population research, the journal publishes the most authoritative articles and details the implications for application in your daily practice.

IF = 17.202, #1 in Peripheral Vascular Disease*

Circulation Research

An American Heart Association Journal

Explores some of the most revolutionary research from areas like cellular therapy/stem cells, microRNA biology, development, proteomics, translational research, and more.

IF = 11.551, #2 in Peripheral Vascular Disease*

Hypertension

An American Heart Association Journal

Each monthly issue of Hypertension delivers the best high blood pressure-related articles focused on basic science, clinical treatment, and prevention of hypertension and related cardiovascular, metabolic and renal diseases.

IF = 6.350, #3 in Peripheral Vascular Disease*

Arteriosclerosis, Thrombosis, and Vascular Biology

An American Heart Association Journal

ATVB is the forum for publication of basic, translational, clinical, and population research in the area of arteriosclerosis, thrombosis, and vascular biology.

IF = 5.969, #4 in Peripheral Vascular Disease*

Stroke

An American Heart Association Journal

Represents the best in the field--original contributions, research letters, case reports, short communications, advances, comments, opinions, reviews, controversies, emerging therapies, topical reviews, and Cochrane Corner.

IF = 5.787, #5 in Peripheral Vascular Disease*

Current Opinion in Lipidology

Offers expert evaluation on a wide range of topics from six key disciplines including nutrition and metabolism, genetics and molecular biology, and hyperlipidaemia and cardiovascular disease.

IF = 5.336 #7 in Peripheral Vascular Disease*

Journal of Hypertension

Official journal of the International Society of Hypertension and the European Society of Hypertension.

Consistently attracts the most important and highly innovative papers from the current research and its commitment to rapid publication ensures that these are published in the fastest time possible.

IF = 5.062, #9 in Peripheral Vascular Disease*

Two of the top 10 titles in Radiology, Nuclear Medicine & Medical Imaging

LWW has two of the top ten and three of the top 20 titles in the Radiology, Nuclear Medicine & Medical Imaging category

Circulation: Cardiovascular Imaging

A journal of the American Heart Association

Publishes high-quality, patient-centric articles focusing on observational studies, clinical trials, and advances in applied (translational) research.

IF = 5.771, #5 in Radiology, Nuclear Medicine & Medical Imaging*

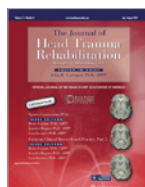

Investigative Radiology

Primarily research-oriented, Investigative Radiology also includes a wide variety of features of interest to clinical radiologists.

IF = 4.487, #9 in Radiology, Nuclear Medicine & Medical Imaging*

Two of the top 10 titles in Rehabilitation (Social Science)

The journal has achieved worldwide recognition for its outstanding coverage of the state of the art in human surgical pathology.

IF = 4.951, #9 in Surgery*

*2015 Journal Citation Reports® (Thomson Reuters, 2016)

Rankings are published annually in the Journal Citation Reports®, a registered trademark of Thomson Reuters. Impact Factor (IF) is a measurement of the frequency by which an article in a scholarly journal is cited in a particular year. It is considered by many to be a measure of a journal's influence and prestige.

LWW journals are available only on Ovid for institutional access, please contact your Ovid rep for a free trial and to discuss your requirements.
