

Ovid[®] MEDLINE[®] Advantage

Whether you support students, residents, educators, or clinicians in research or practice, you know they need to find clinical research materials quickly and efficiently.

This unique package is a great way to expand your institution's clinical medicine resources. It combines a set of pre-eminent full-text journals—across a range of medical and health science specialties—with Ovid's unique version of MEDLINE. All available and searchable on Ovid, widely regarded as one of the world's leading biomedical research platforms.

*Affordable, high-quality
journal/MEDLINE package
with the search and
discovery power of Ovid[®]*

- Quickly expand your institution's full-text journal resources in clinical medicine
- Ensure smooth, easy access to a unique, high-quality collection of content
- Set anyone up for success in their coursework, clinical training, and practice
- Take advantage of the precision searching power and sophisticated technology of the Ovid platform
- Enjoy consultative, 24/7 customer and technical support

Key Features:

Journals@Ovid

Ovid's e-journal solution is perfect for any institution and offers one-click access to 100% searchable full text—including every word, every graphic, and every caption. Comprehensive browse and search functionality, intuitive navigation, and other sophisticated tools help get you to the research you want quickly. These include:

- "Find related article" functionality
- "Ovid Term Finder", to instantly add search terms to a current search
- Email alerts when new issues are available and electronic tables of contents for all journals
- Responsive design for optimal viewing

Plus: search any journal simultaneously with Ovid MEDLINE using just a single search query!

Ovid MEDLINE

Ovid's MEDLINE aligns closely with PubMed's content scope and variety—and includes over 33 million records and 22 million abstracts, derived from more than 5,000 current, active journals. Unique features and functionality add efficiency and speed to your research experience:

- Links to free full text, enabled by default
- Search limits that aid in narrowing clinical query results
- Operators and values that enhance precision when using advanced search techniques
- Easy-to-use search histories and subheadings
- And more!

Award-winning Support and Consultative Services

- Ovid's award-winning support teams help implement tools into your library for the most optimized deployment, promotion, training, configuration, and customization.
- 24/7 support is available in over 20 different languages.

The global Customer Engagement team has attained best-in-class recognition through Omega Management Group's NorthFace ScoreBoard Award™ for superior customer satisfaction scores for the last five years running.
