Access the *New England Journal of Medicine*, Over 30 LWW Journals, and Ovid MEDLINE® on OvidSP

Choosing the right set of resources for your hospital can be challenging and time-consuming. At Ovid, we'll select your resources for you—delivering an affordable library of high-demand clinical content via OvidSP, the world's leading medical information search and discovery platform.

Ideal for smaller medical institutions, like community hospitals and clinics and rehab centers, the Hospital-Library-in-a-Box includes some of the medical world's leading sources of medical research and clinical practice information—all accessible on OvidSP.

- Subscribe to the *New England Journal of Medicine* on OvidSP—get full-text PDFs of all articles, access to publish-ahead-of-print articles, and archival access back to 1990
- Save on access to full-text and bibliographic content in the Ovid Hospital Library Collection:
 - Ovid MEDLINE® - one of the most popular versions of the National Library of Medicine's comprehensive biomedical database
 - 31 clinically-focused journals from Lippincott Williams & Wilkins
- Search all your Ovid resources with just a single query
- Find precise information quickly using time-saving research productivity tools and navigational functionality
- Utilize Ovid platform tools such as eTOCs and alerts to drive usage at your hospital

See page 2 for more details on the content in this unique and affordable package.
