## Find papers you can trust

See if any paper, or topic, has been supported or challenged by newer research, all in one place.

## Deeper grasp of your research areas

Searching and reading Citation Statements helps you quickly and reliably build a qualitative idea of a paper or topic.

## A solid foundation for your research

Reference Check helps prevent accidentally citing articles post-retraction, and ensures you're addressing prior claims properly.

## We meet you where you are

Between our Zotero plugin, browser extension, data exports, and a flexible API, scite integrates with your workflows.

**Join over 350,000 scientists, writers, publishers, librarians and researchers across the world championing reproducible science.**
