

ACKNOWLEDGMENT OF SERVICES

Thank you and welcome!

The team at The Dosing Institute is delighted to welcome you as a teaching partner. We are very grateful that you have decided to join us and we are excited to support you in the education of precision dosing and Therapeutic Drug Monitoring (TDM).

Acknowledgment of Services

This is to acknowledge that by joining The Dosing Institute, you agree to access the DoseMeRx platform for teaching purposes only.

What you can expect from the Dosing Institute

- Access to an educational version of the DoseMeRx platform, for any users within your faculty or institute.
- Ability to incorporate DoseMeRx into your university/institution's curriculum.

What we expect in return

- Users with access to the DoseMeRx platform through The Dosing Institute recognize and appreciate it is for teaching purposes and not for clinical use.
- Each account holder accesses the DoseMeRx platform for their individual use only. Students and/or colleagues can easily create a free, personal account for their own access, using their educational institution's email.
- Regular feedback is always appreciated.

The future

We value your feedback and ongoing support, so please let us know what else we can do throughout our partnership to set you up for success.

Sincerely,
The Dosing Institute team
